

PRODUCT DATA SHEET

Sika® MouldBuster

A powerful, fast acting solution for removing algae, mould and green growth.

PRODUCT DESCRIPTION

Sika® MouldBuster is a powerful, fast acting solution which is effective on most surfaces. It removes algae, mould and green growth without the need for scrubbing or pressure washing.

USES

Treatment for the removal of all types of organic growth from surfaces including:

- Patios.
- Driveways.
- Brickwork and masonry.
- Roofs.
- Most exterior hard surfaces.

CHARACTERISTICS / ADVANTAGES

- No scrubbing or pressure washing required.
- Biodegradable – no bleaches or acids.
- Helps protect against early regrowth.

APPROVALS / STANDARDS

Sika® MouldBuster is approved under the Control of Pesticides Regulation 1986 (as amended) and Regulation 1987 (as Amended) Northern Ireland for use as directed. HSE No 8376-GB/NI.

PRODUCT INFORMATION

Packaging	5 L plastic containers.
Shelf Life	24 months from date of manufacture in unopened containers and stored in accordance with below.
Storage Conditions	Store upright in original, tightly sealed container, and in a dry, cool and well-ventilated area (between +5°C and 25°C), protect from sunlight and frost.

APPLICATION INFORMATION

Consumption	4 m ² /L once diluted (~100 m ² for 5 L once diluted to 25 L)
Mixing Ratio	1 part Sika® MouldBuster to 4 parts clean water

VALUE BASE

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LIMITATIONS

- Do not use if rain is expected within 5-6 hours of application.
- May leave a slight sheen on the surface after application. This will dissipate naturally over time.
- For external use only.
- Use only as directed.

ECOLOGY, HEALTH AND SAFETY

User must read the most recent corresponding Safety Data Sheets (SDS) before using any products. The SDS provides information and advice on the safe handling, storage and disposal of chemical products and contains physical, ecological, toxicological and other safety-related data.

APPLICATION INSTRUCTIONS

APPLICATION

Wearing suitable protective equipment, dilute 1 part of Sika® MouldBuster with 4 parts water in a watering can or a low-pressure sprayer. Apply diluted mix directly onto the affected surface, ensuring entire area is saturated. Leave to dry, keeping pets and children away from treated area during drying period.

Sika® MouldBuster works over several weeks to kill and remove mould and algae - results will be seen within days. Any stubborn growths can be removed by lightly brushing away once dead.

Recommendations

When diluting and applying wear suitable protective clothing, butyl rubber/nitrile gloves, eye protection (goggles) and face protection. Do not to breath mist or vapour. Take all precautions to avoid exposing eyes to liquid splashes, mists, and gasses. Wash hands and exposed skin after use and before meals.

Coverage

The approximate application rate is 4 m² / litre when diluted as advised and applied with a garden sprayer – dependent on evenness and porosity of the surface.

LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for exact product data and uses.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
